### Description

5-needles pine from Japan, coming from seedlings of more than 40-45 years old. Selected for the beauty of its short and dense needles. Height of the tree only: 950 mm. Width of the branches: 685 mm. Quality non-enameled pot, brown-colored: 470\*350\*130 mm.

Regular nebari of 250-280 mm. Moyogi style.

Diameter of the trunk: 170-180 mm. The trunk has a beautiful sinuous aspect and does not have strong cutting wound or wire mark. The bark is completely formed. It was ligatured in December 2020 by the students of Master Katoh in Japan with copper wire and is currently without wires.

There are some jins on the branches that will get patina over the years. It comes from Katoh nursery, Japan. Shelf not included. Photographed in January 2022.
