

## Hosta church mouse

*Hosta church mouse*

ref. 11042

[\[+\] Show on the website](#)

### Description

Coming from a hybridization of Hosta Blue mouse ears.

Small hosta.

Frequently used as Kusamono to go with bonsaï.

Height : about 10/20 cm.

Width : about 30/40 cm.

Dimensions of the leaves : about 8x5 cm.

Blue leaves with very corrugated sides, yellow/green tones that quickly turn to blue/green.

Much charm with the completely corrugated leaves.

Small blue/purple flowers during summer.

**Big rhizome delivered in a 1 liter plastic pot.**
