### Description

This Samba rock, carefully imported from Japan, is a true natural artwork with distinctive veining. Its striking appearance makes it an essential element for creating Japanese gardens, chaniwa, tea gardens, or serene walking paths. Outer dimensions: Height: 500 mm Base width: 900 mm

Thickness: 700 mm

Weight: 260 kilos. To highlight the rock's natural tones and give you a clear view of its beauty, it was lightly moistened during photography. Depending on the viewing angle, the rock conveys both strength and tranquility, enhancing the contemplative and harmonious atmosphere of any Japanese garden. Each piece is unique and reflects the excellence of Japanese craftsmanship, adding elegance and serenity to your outdoor space.
