Description

Exceptional bonsai! For collectors and experienced enthusiasts.

This tree features a unique han-kengai style, full of emotion with the strength of its spiraled trunk and its authentic, minimalist character. From the Japanese nurseries of Master SHIINO Kentaro.

Tree height: 350 mm. Width: 400 mm. Old handcrafted unglazed square pot in light brown, dimensions: 250 × 250 × 160 mm.

Semi-cascade style, trunk diameter 70–90 mm.

Over 120 years old, grown from seed with naturally small needles.

Well-formed pads, beautiful bark, and a nebari of 160–180 mm. Requires full sun. No injuries. Excellent trunk taper, no major pruning scars or wire marks, and a very good root base. Includes aged jin and shari with a natural patina.

Re-styled by Master Tomoya Nishikawa in September 2022.

Photos from November 2025. Sold without its display stand.

Admire the natural power of the trunk and its spiral movement, the originality of its deadwood, and the quality of its old cracked bark with its exceptionally rare texture.
