

Japanese frog and leaf wind bell g106

Wind bells and chimes

ref. 4648

[+] Show on the website

Description

17.3 * 7.5 cm. Maillot-Bonsaï has some of the most original designs of wind bells, especially imported from Japan. This one features a green frog on a leaf, on which hangs a black tulip-shaped bell and coloured paper string. Made from durable Nambu cast iron, it makes an excellent gift.
