MAILLOT ERABLE

Japanese grafting blade right handle

ref. 6136

55,00€

[+] Show on the website

Description

Length 200 mm, width 20 mm. Measurements of the blade: 65 mm. Made of laminated steel (layers of different kinds of steel), this traditional Japanese tool is for grafting wounds. Taking the curved handle in your hand, use your thumb to push the blade upwards against the wound. A perfectly clean cut ensures proper healing of the branch. Made in Japan.
