Description

Large rhizome delivered in a 1.5 litre plastic pot. Hosta 'Blue Mouse Ears' produces small round dark aquamarine leaves that become a beautiful green dark in summer. Mauve pink flowers abound at the beginning of July. This plant is also a good kusamono accompaniment for bonsai.

Height: 20 cm x 50 cm wide.

Leaves 8/10 cm long.

Derived from a 'Blue Cadet' hosta seedling, 2000.

Awarded Hosta of the Year 2008 by the American Hosta Growers Association.

Good resistance against slugs and snails.
