

## Hosta barbara ann

*Hosta barbara ann*

ref. 7128

[\[+\] Show on the website](#)

### Description

Big rhizome delivered in a plastic 1-litre container. Hosta 'Barbara Ann' has large leaves, 22\*18 cm, with a grey-green-blue centre contrasted with a pure white margin. Mauve flowering.  
Adult height: 40 cm x 80 cm wide.

Descended from a seedling of *H. sieboldiana* 'Elegans'.  
Variety reputed for resisting slugs and snails.
