Table 40*30*6 cm. Foot height 100 cm and hexagonal section \emptyset + - 17 cm. To enhance a bonsai according to the Japanese tradition, the middle of the trunk must be at eye level to appreciate its complex beauty. Position your favourite trees on these textured granite stands to create a gallery of fine bonsai. The smooth granite table can be fixed to the column by 2 screws and dowels (not included but can be bought at DIY shops). Delivered in 2 elements.
